- Voltage: 220-240 V
- Fitting: E27
- Shape: Bulb
- Wattage: 8 W
- Lifetime of lamps: 10000 hour(s)

Highlights

Energy efficient
All Philips energy saver LED light bulbs save energy from the moment you turn the switch. During their lifetime they use less Kw and thus also result in a lower energy bill. The level of energy saving differs per lamp type and technology.

Warm light
Philips lamps are available in Warm White (2700K), which is comparable with incandescent. The temperature of a lamp is measured in Kelvin (K).

Reliable quality
Philips keeps their promises about LED light performance. You can trust what the Philips packaging is saying about light output, lifetime, and wattage equivalent to incandescent lamps.

Carbon footprint
Energy savers reduce the amount of energy in your home, which not only results in a lower eenrgy bill, but also in less carbon (CO2) output by your energy supplier. Together we make this a better world to live in.
